

FUSION[®]

performance nylon

Nylon: The Preferred Carpet Fiber

What is FUSION[®] performance nylon?

Shaw's continuous advances in yarn processing have led to another breakthrough in nylon technology. Our proprietary processes yield a remarkably high-value appearance while enhancing fiber durability. Carpets made with Fusion performance nylon earn significantly higher appearance retention ratings than comparable styles of traditional nylon and polyester constructions.

WHAT DOES FUSION[®] DO FOR CARPET?

- Enhanced finish and feel (value)
- Increased durability & performance
- More comfort . . . less cost
- R2X[®] stain & soil resistance & odor reduction
- Environmental: Cradle-to-cradle recyclable nylon

ENHANCED DURABILITY

ASTM Certified Performance Test Results

	FUSION [®]	COMPARABLE
GOOD	3.0	2.50
BETTER	3.25	3.0
BEST	3.5	3.25
